Address: 600 Castle Peak Road, Area 2, Tsuen Wan, New Territories. Tel: 24156313 Email: twgps@edb.gov.hk

September 2023

## Editor Introduction:

Hello everyone. My name is Ms. Ho and I'm still new to this school. I'm your NET and I've spent this year getting to know the students in P2, P3 and P6. I have yet to meet all the P1, P4 and P5 students so I'm afraid I don't know everyone's names yet. But to be honest, I don't know all the teachers' names either!

And now some of you have taken your face masks off, I have to learn to recognize your whole face now!

My problem is, I forget easily. So, can you help me get to know you? Perhaps you can introduce yourself so I can know more about you? Let's look at how you can introduce yourself to me.

**Who are you?**

*What can you tell me about yourself?*

This is a great start. **Alexander in 1D** wrote this.

My name is Alexander Chan.  
I am a boy.  
I am six years old.  
I am in Class 1D.

Joyce in 1D told me this about herself:

My name is Joyce Leung.

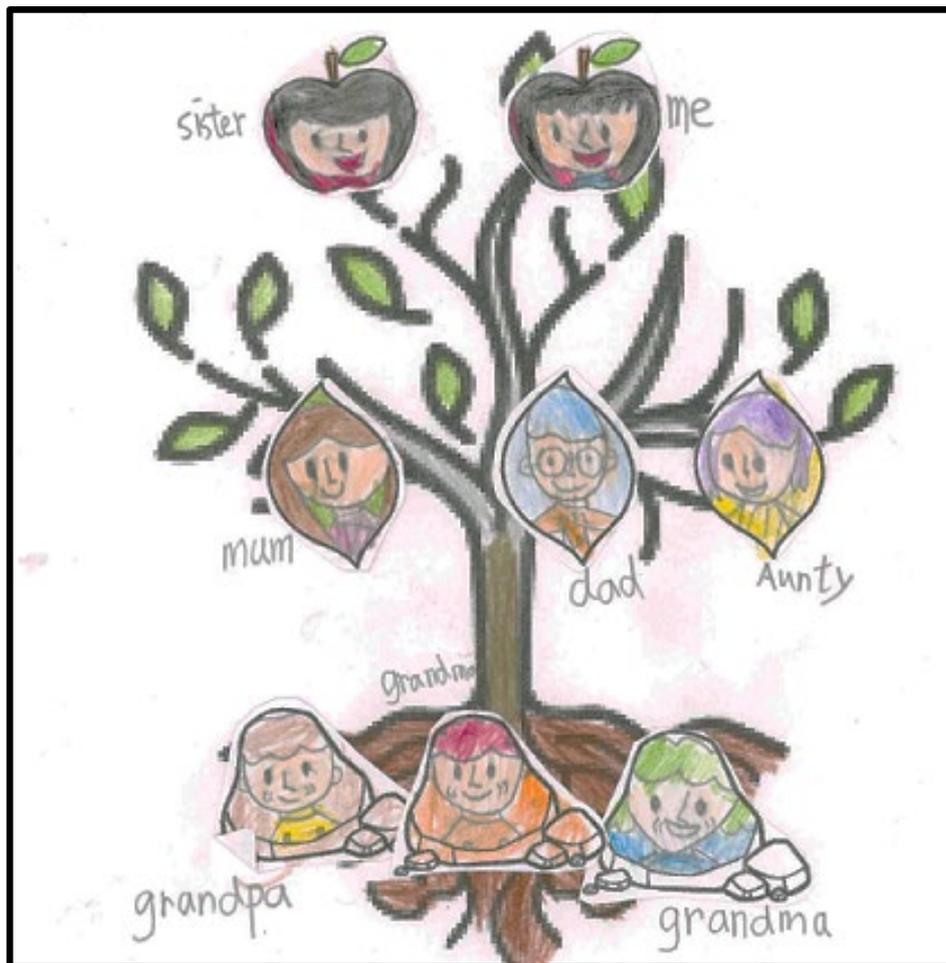

I am a girl.

I am seven years old.

I am in Class 1D.

*These are all very good conversation starters but can you tell me more? Maybe you can add a bit more and tell me about your family?*

Ashley in 2E explained her family tree very clearly.

Charlotte in 2A told me about some of her family.

## My Happy Family

Written and illustrated by

Charlotte Class 2A (2)

This is my dad.  
He is a general manager.  
He supervises many things.

This is my mum.  
She is a housewife.  
She looks after the house.

This is my grandma.  
She likes watching TV.

***What do you and your family like to do together? Do you like outdoor activities? You can go hiking, camping or even swimming with your family. I love to be in water!***

**Hanriul in 3A** likes to do this:

Today, we are going to Lamma Island to have a family outing. We go there by ferry and it takes around thirty minutes.

We bring some fruits, sandwiches, potato chips and water with us. We go hiking from Yung Shue Wan to Sok Kwu Wan. Then we choose seafood for dinner. We have ordered shrimps, crabs, clams and oysters. We love seafood very much.

I feel really happy because hiking is fun and the seafood is delicious.

**Alto in 3D** likes the beach.

Last Saturday, I had an outing with my family. We went to Stanley Beach. My mum brought some barbecue food, some umbrellas, some sandcastle moulds, a shovel and some swimsuits.

First, we looked at the flag and it was red and yellow, meaning it was safe, so we swam in the sea.

Then, we built some sandcastles and took photos of them. After that, we had a barbecue. Finally, we looked at shells. I felt happy because it was a nice day. Then we went home. I hope we can go there again next time!

**Ka Man in 3D** is very energetic! Look what she likes to do:

In my free time, I like ice-skating and cycling. I like these activities because they are exciting.

On Sundays, I go ice-skating with my brother and my dad. We go to the rink by bus. On Saturdays, I go cycling with my mum. We go to the cycling track near our home.

I enjoy cycling and ice-skating with my family.

*What are your interests? Do you prefer to be indoors? What do you like to do at home?*

**Alyssa in 3B** likes being creative:

On Sunday, I like drawing with my cousin in my free time. I like drawing because it is fun and I can also use my imagination to create something interesting. I draw with crayons. I always draw something super cute like bunnies, dolls, cats and other stuff. After I draw my pictures, I feel so happy.

**Anice in 2A** seems to love reading:

I like reading. My favourite books are magazines and fables. I like reading magazines because they are entertaining. 'National Geographic Kids' is one of my favourite magazines because I can learn a lot of new things from it.

I read magazines and storybooks during recess at school. I usually read them with my classmates. Sometimes, my mum and dad read storybooks with me before I go to bed.

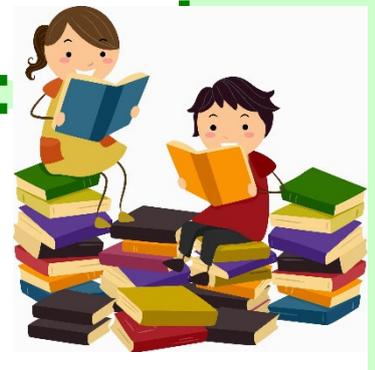

Reading is fun and I love sharing stories with my family and classmates.

So does her classmate, **Charlotte**.

I like reading. My favourite books are adventure stories and fairy tales because they are interesting and exciting. 'Snow White' is one of my favourite fairy tales because I think it is interesting and romantic.

I read before I go to bed. I like reading in the library because there are lots of different kinds of books there.

I like reading with my mum because she always chooses funny books to read with me. I enjoy reading very much.

*What else can you tell me about yourself? How about your favourite things?*

*Food is a good topic to talk about? What is your favourite food?*

I know what **Gabrielle in 2E** likes and dislikes!

A. You want to make a sandwich.

List 'What food I like', 'What I food don't like' in the boxes below.

What I like: • <u>ham</u> • <u>mushrooms</u> • <u>cheese</u>	What I don't like: • <u>jam</u> • <u>carrots</u> • <u>pudding</u>
---	--

B. Draw or stick some food for your sandwich.

*How about your hobbies? What do you like to play or do in your free time? Will your hobbies lead you to a future career?*

**Daniel in 6C** has these interests.

I think I am creative and curious. My hobbies are reading and doing sports. I like swimming in my free time so I am very good at it. I am a member of the school swimming team. I also participate in the school volleyball team. I won two silver medals last week, fifty-metre freestyle and butterfly.

*So if you can tell me all these things about yourself, I would be very happy!*

*In fact, if you can write like Ellie below, I would be very impressed!*

This is what **Ellie in 4A** wrote about herself.

### **This is Me!**

My name is Ellie Choi. I am nine years old. My birthday is on the fifteenth of June. I live in Tsuen Wan. I have one naughty but cute brother.

My favourite colour is purple. My hobbies are playing the piano and reading English books. I think Geronimo Stilton books are really funny. Some of them even have some jokes, mazes and riddles! My favourite food is sushi. My favourite sushi is salmon roe because it is very juicy.

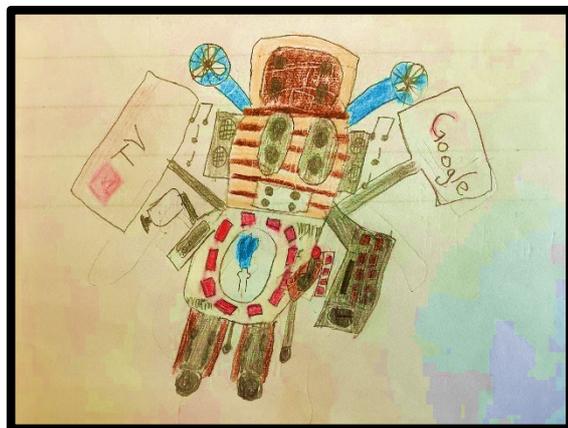

My school is in Tsuen Wan. Its name is Tsuen Wan Government Primary School. My favourite subject is General Studies because I can learn more about life.

*Finally, here is one more thing you can tell me about yourself. What do you want to be in the future?*

*Groups of P.5 students may become inventors. Let's look at a couple of their ideas!*

### **Toilet AI**

**5A students, Aiden Chan, Lincoln Chan, Lucas Cheng and Jacky Chiu** will revolutionise toilets by making them more comfortable.

As little inventors, we've decided to improve the toilet by making it more comfortable and convenient for everybody. We call this new invention: **Toilet AI**. This invention will be a much better replacement than the original toilet.

**Appearance:**

The appearance of our toilet will resemble a comfortable armchair, with armrests on either side. It will be a complete mix between an armchair and a toilet. It has an auto-clean function and is waterproof, so you don't have to waste your precious time washing it.

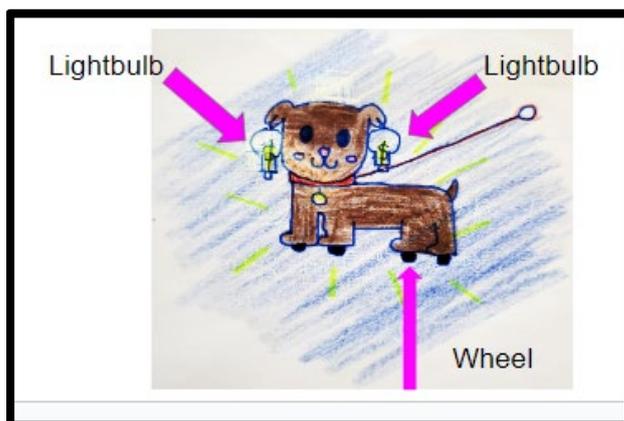

**Functions:**

Our improved toilet will have much more functions and features. There are buttons on either side of the toilet, which each serve a different function. It will have a bidet mode, an auto-flush mode, and so much more! There are fans on either side, a computer screen and even TV! You can also have a foot massage while using the toilet!

*I think there might be a long queue for the toilet in the morning!*

These students in Class 5B are making sure we are safe!

**Lightbulb Pet**

By **Yiubi Kwong,**  
**Hailey Sze, Hailey Ip &**  
**Lynette Wong**

Our invention is 'Lightbulb Pet'. This invention is used for illumination. When you go out at night, you can use it to let you see the way.

It is made of metal, glass, plastic and cloth.

## How does it work?

### Steps:

- First call the dog's name and it will come in front of you.
- Next touch its body and the light will glow.
- After that, pull the dog leash and it will start to walk.
- Finally, walk the dog outdoors. It can help you see the way in the dark.

*Do we need to feed it?*

**Felix in 6D** is also interested in technology and has great ambition. Perhaps he'll be very famous in the gaming world!

### My Dream Job

When I grow up, I want to be a game-developer. I first heard about game developing from a very ambitious indie game creator on Youtube. He inspired me to become a game-developer.

Why do I want to become a game-developer? It is because I like writing stories. I have tons of ideas for games and characters. Personally, I think that creating a game is exciting!

**Marcus in 6A** is going to have to study very hard for a very long time. But what a noble profession!

*When I grow up, I want to be a vet because I love animals. I want to help sick animals when I grow up.*

*If I become a vet, I will work in an animal clinic. I will also take care of animals and give medicine to animals.*

*Vets need to be caring so that they can take good care of sick animals. They also need to be careful so that they won't make any mistakes when helping sick animals.*

*I will study hard so that my dream can come true. I will also read more books about animals so that I can understand more about them.*

*I hope I can be a vet. I will try my best to make my dream come true.*

*Perhaps Marcus can get rich treating the (imaginary) class pets of P2!*

*There are a lot of horses in Hong Kong. You don't normally find them in the classroom though!*

*Hayden in 2C* has this pet.

It is called Horsy. It is a horse.

It is a quite big. It is brown. It has four legs, a tail and a head.

It eats tomatoes and mangoes. It drinks milk. It sleeps on my desk.

It plays with a ball. It likes Maths.

I like my class pet because it likes to play with me and it is so cute.

*But Kayden in 2D has this pet!*

*Be careful, Marcus!*

My class pet is called Bob.  
It is a dinosaur.  
It is big and it is grey.  
It has a big head and two long legs.  
It eats chips and candies.  
It drinks goda.  
It sleeps in the classroom.  
It plays with a ball.  
It likes PE.

*Do you think you can write as well as these students? If so, here is a writing competition you can take part in. The title of the competition is*

*“This is me”*

*There are enough suggestions about what you can write about in this magazine. Word length maximum of 250 words. Please hand in your handwritten work to Ms. Ho by 3<sup>rd</sup> October, 2023.*

*Remember to include your:*

Name: \_\_\_\_\_

English name: \_\_\_\_\_

Class: \_\_\_\_\_ Class Number: \_\_\_\_\_

*I look forward to getting to know you.*
