Our student reporters are ready to share the top highlights from this school year!

### School Sports Day

25th October, 2024

Hurray! My classmates and I were so excited on our Sports Day. Everybody put on their PE uniform and wore sports shoes to the sports ground in the morning. We cheered and supported athletes. I took part in a running race. I was happy to hear my friends shouting my name loudly in the stands. Even though I didn't win the race, I still enjoyed doing exercise with my friends. I can't wait for the next Sports Day in Primary Four.

‘It’s the last chance for me to shine.....’ I muttered as I stepped into the Shing Mun Valley Sports Arena. Volunteers were running around, preparing the equipment that would be used in the races. Students were chatting lively at the stadium. Flag bearers stood straight at the centre of the sports ground. This was a lovely scene indeed, but for me, it made me more nervous. I could hear my heart beating faster.

A while later, it was my turn to participate in the long jump race. I hopped towards the pit and registered. In the first trial, I jumped with my full power and landed as far as I could. But things changed when I tripped over. I used my hands to support my body instinctively and that was when I remembered our PE teacher had taught us to kneel when losing balance. But it was too late. My hand was already buried in the sand, but the pain exploded in my right hand which I could barely tolerate. Onlookers sent me to the first-aid station immediately.

After checking, it turns out that I had a minor fracture. My heart sank, I was injured and I lost my last chance to shine in the sports ground in my primary school life.

This was my sports day I had in P.6. I enjoyed the races I had watched, but I ruined mine. Yet optimistically, I have positively learnt the real spirit of sportsmanship which is a rare lesson for me. My right hand recovered really fast, but this memory will stay in my heart forever.

## P.1-P.2 School Picnic

1st November, 2024

1C Choi Wan Ying

We had our school picnic on the first of November. We went to the Sai Kung Outdoor Recreation Centre.

We played on the big wheel swing. We played a lot of games there. We shared our snacks with our classmates and friends too.

We were very happy because we had a lot of fun on the picnic day.

On the P.2 Picnic Day, I went to Sai Kung with my teachers and classmates. My friends, Riana and Kitty, and I went to the playground. We played on the slides and swings. We played hide-and-seek too. After playing, we had lunch at the canteen. We had lots of fun.

## **P.3-P.6 School Picnic**

**22nd November, 2024**

My school picnic was on the twenty-second of November. We went to Po Leung Kuk Jockey Club Pak Tam Chung Holiday Camp by school bus.

I brought a lot of potato chips, fruit, sandwiches and juice to share with my friends.

I played many games with my friends, such as hide-and-seek, basketball and badminton. We also took photos and made crafts.

Although I was very tired, I felt very happy on that day. I hope we can go there again soon.

# Christmas Carnival

14th December, 2024

5B Chan Tsz Kiu

The Christmas Carnival was on the fourteenth of December. After being greeted at the entrance by the kind teachers, we could see many pupils with their parents playing exciting games by the game booths. There was also a huge bouncy castle in the playground. Many children played in it while their parents took a rest and ate some popcorn and cotton candy from the snack bar. Yum!

In the hall, pupils from different school clubs performed on the stage. There was an orchestra performance, a dance performance and many more interesting performances. Everybody clapped and cheered.

The library was the most crowded place. There were matching games and throwing games. You could even get some pretty gifts after playing them. Some people enjoyed sitting on the chairs and talking with friends.

Overall, we all had fun at Christmas Carnival and it was a great way to celebrate Christmas. We are all looking forward to the one next year!

On the fourteenth of December, our school held a Christmas Carnival. We welcomed everyone to join. There were a lot of game stalls. Some of our students brought their siblings here to enjoy the games.

In the library, there were two kinds of games. The first game required us to pick a character to match the correct book. You would get a gift if you could match correctly.

For the second game, there were some plastic bottles on the table with the library rules in front of them. The player would have to throw a few rings onto the correct library rules in order to get a gift. It was very exciting!

In the end, everyone got gifts and had a lovely time. I hope our school will hold more activity days so that more people can have fun with us.

## Christmas Celebration

20th December, 2024

Last year, we had a Christmas celebration on the twentieth of December at school.

On that day, we wore casual clothes with beautiful handmade Christmas hats. We all looked very festive.

We had a party in our classroom. There were a lot of delicious snacks. We had gingerbread cookies, chocolate brownies and chips. Everyone shared the snacks with one another. We chatted with each other while eating and had a great time.

Then, we went to the hall to watch a show. Some students sang lovely Christmas carols, some danced gracefully, and some performed fancy rope-skipping. That was very funny and made us laugh. We all enjoyed watching the show.

I love the Christmas celebration at school. It really was a memorable day!

4B Mak Wing Tung

10th April, 2025

In April, there was an important event that was held at Shing Mun Valley Swimming Pool. As we all know, it was the annual TWGPS Swimming Gala. The competitions were very exciting on that day. Thinking back on it now, it was as fresh in my memory as if it just happened yesterday!

On the tenth of April, the swimming gala began on time. The athletes tried their best. They paddled hard in the swimming pool. The winners felt happy, clapped and shouted 'BRAVO'. The students without medals reminded themselves to keep trying next time.

During every competition, the spectators applauded loudly in the auditorium. The atmosphere was fantastic.

At last, the swimming gala was completed with a big applause and cheers among all the students. Everyone had an unforgettable day.

School is filled with exciting moments, friendships, and achievements. In this section, let's explore students' fun memories and unique experiences at school.

Our Primary One students are happy to meet new friends at school. Cari Law in 1A wrote about the monitor.

Reading is a popular pastime among our students in their free time. What kind of stories do our students like to read? Let's find out!

I like reading adventure stories. Adventure stories are so funny. When I read an adventure story for the first time, I laughed a lot because I thought it was silly.

I read books after school and at recess. At school, I read in the classroom and in the playground.

2A Chan Zachary Tin Yik

I like reading adventure stories because they are interesting. I read the adventure stories after school every day.

I read in my bedroom. I usually read the adventure stories with my mum or my brother.

My favourite adventure story book is 'Journey to the West'. The Monkey King in the story is so strong.

## Have you ever turned up at school by mistake on a holiday?

Today I woke up and looked at my alarm clock. 'Oh no! It's nine o'clock in the morning! I am going to be late!' I felt shocked and nervous.

Then, I rushed to the toilet immediately. I didn't have time to finish my breakfast. I put on my school uniform quickly while eating a piece of bread.

After that, I ran to school quickly. When I arrived at the school gate, I was surprised that nobody was at school. I saw a big banner saying 'Merry Christmas'. I felt so relieved as I realised that today was a holiday!

In the end, I ran back to my house. I celebrated Christmas Eve with my family. I felt glad. Next time, I will remember to check the school calendar.

Today I woke up and looked at the alarm clock. It was nine o'clock. I felt shocked because I was late for school.

I put on my school uniform quickly. Then, I ate a slice of bread for breakfast. After that, I ran to school immediately.

When I reached school, I saw a banner which said 'Merry Christmas' on it. I felt surprised because it was a holiday.

Finally, I went shopping with Mum and she bought me a Christmas present. I was so happy.

3D Choi Yee Chun

Today I woke up and found out that the alarm clock didn't ring so I rushed out of bed.

I was eating my bread while I dressed for school because I didn't want to be late.

When I arrived at school, I saw a banner saying 'Merry Christmas' on it. I was shocked to find it was a school holiday.

I went home and slept again because I was sleepy. I learned that I should always check the school calendar by myself.

## Good people, good deeds — our students are always eager to help.

Tony was a helpful boy. Yesterday he helped his schoolmate, Mimi. She fell down and hurt her knee at the school entrance. Tony took Mimi to the medical room.

During recess, Ben helped the teacher to clean the blackboard. Tony saw him and helped him to clean the blackboard.

During the Maths lesson, the teacher said, 'Let's do these sums.' Tony was very puzzled because he didn't know how to do the sums. Tony's classmate, Ben taught him how to do the sums patiently.

Tony and Ben felt happy because they helped each other. They became good friends.

4C Lin Wing Nga

Tony is a helpful boy. Yesterday a little girl fell down on the floor. She hurt her knee. Tony walked to her and helped her at once. He took the little girl to the school medical room. Therefore, the little girl could get treatment from the teacher.

At recess, Tom helped Ben to clean the blackboard. Ben was so happy and he thanked Tom for his help.

During the Maths lesson, Tony could not do the sums. He was so upset. Ben knew Tony's problem so Ben told him how to do the sums. Tony could finish the Maths homework and he was so happy. He thanked Ben for his help. In the end, they became good friends.

4D Lee Chin Wing Abbie

Tony was a helpful boy. Yesterday Tony was walking to school with his schoolmate but his schoolmate accidentally tripped on a rock and fell down at the school entrance. Tony felt bad for the girl because she hurt her knees. He took her to the medical room. His schoolmate thanked him and he was glad that he could help.

In the afternoon, Tony's classmate, Ben was cleaning the blackboard at recess. He decided to help Ben. Ben said, 'Thank you for helping me!' He then gave Tony a bar of chocolate to thank Tony.

In Maths lesson, Tony found it hard to do the sums. He felt puzzled. Ben decided to help him. Ben said, 'It's okay! I know Maths is hard but let me teach you. Three times four is twelve...' Tony said, 'Thanks!' and Ben replied, 'You don't need to thank me because you have helped me. I will try my best to help you too!'

In the end, Tony learnt that helping people was a good deed so he kept helping people from then on.

Friends may argue sometimes, but that's just a natural part of friendship—it helps us understand each other better and grow stronger together.

What a terrible day! I argued with Tom at school today.

At recess, I wanted to play with him but he said no even though he promised to. He wanted to finish his homework so that he could do revision at home after school. I asked him to do it later. However, he yelled at me loudly. I felt disappointed because he never shouted at me before. I walked away from him.

After a while, I calmed down and went back to Tom. I told funny jokes to cheer him up. He felt better and smiled.

I tried to understand him more. So, I promised him to do homework with him at recess sometimes. I learnt that a friend in need is a friend indeed.

5A Liu Hok Ming

A quarrel with friends can be very upsetting. Today, my friend Bella broke my favourite water bottle. I was so angry. I shouted at her very loudly. I saw tears roll down her eyes.

After I calmed down, I thought I shouldn't quarrel with Bella. I felt sorry for her.

After a few minutes, Bella came back to the classroom. I was sorry to her but she ignored me. I didn't know what to do.

I plan to bring some snacks to share with her in tomorrow recess. I hope she will forgive me. I hope we can be best friends again.

5C Siu Chung Hei, Haily

What a terrible day! I quarrelled with my best friend Max today. I asked him questions about Maths but he ignored me and didn't answer me. Then I asked him one more time. However, he felt annoyed. He shouted at me, 'Shut up! Can't you do it by yourself? Don't keep asking me!' I felt very angry because he was SO RUDE! I shouted at him, 'I always help you with your homework. 'How can you treat me like that?' He said, 'However, the homework that you taught me is all wrong!' I said, 'But I try my best to help you with your homework!' Then we kept quarrelling with each other.

While we were quarrelling, some classmates tried to calm us down. Some classmates ignored us and did their own things, some classmates talked to the teacher, and some classmates asked us to stop quarrelling.

After that, our class teacher came to our class and asked us what had happened. After she knew the reasons, she asked us to apologise to each other. At last, we forgave each other and got along again.

5D Hui Ching Hei

Primary Six students have learnt both inside and outside the classroom. Let's read what they have gained in their school life.

My name is Thea Kai. I am ten years old. I live in Tsuen Wan with my parents and my younger sister. My dad is a businessman. He works in the office.

I am a helpful and caring person. I often help my mum with household chores, like washing the dishes. During my free time, I like swimming, painting and playing the piano. I find that these activities allow me to express my creativity and stay active. When I grow up, I want to be a doctor. I want to help people and make a difference in their lives.

I study in Tsuen Wan Government Primary School. My favourite subject is General Studies. I like General Studies because it covers a wide range of topics, from science to social studies, which helps me understand the world around me. At school, I am a member of the student leadership team which involves maintaining order among schoolmates and taking care of those who need help. I think my job is very rewarding because it allows me to contribute positively to my school community.

6B Kai Hay Tung

My name is Evan Chen. I am twelve years old. I live in Tsuen Wan with my family. My mum is a housewife. She cooks and does housework for us every morning. I am a calm and quiet person. I won't hold a grudge against someone easily. During my free time, I like reading books and playing puzzle games with my younger brother. I also spend half an hour to improve my English speaking skills every day.

When I grow up, I want to be a doctor because I aspire to save lives, improve medical technology and provide health education.

I study in Tsuen Wan Government Primary School. My favourite subject is English. I like English because learning English allows us to connect to the world. Mastering English allows us to access global news, culture, scientific and technological information easier so that we can get in touch with the wider world.

At school, I am a prefect. My responsibility is to help teachers maintain student discipline.

I think my job is important because we play an important role in maintaining discipline at school. It is important to have student representatives.
